Subject: Amendment to Hudson City Code 212-9 A regarding sidewalks to be kept clear-

Marty,

The City Prosecutor, Dan Murray, brought to my attention that there has been difficulty enforcing Hudson City Code 212-9 A in situations in which the sidewalk in question may not be considered "in front of" the property. It may be along the side of the property or along the rear of the property. To address these situations I suggest amending the first sentence in 212-9 A to read as:

"Sidewalks to be kept clear. The owner or occupant of any lot or parcel shall, within 24 hours after cessation of each continuous period of snowfall, remove all snow and ice which may have fallen or accumulated upon the sidewalk(s) abutting such lot or parcel, provided that when ice or packed snow has so formed that it cannot be removed, the owner or occupant shall keep the same sprinkled with a nonskid material which will prevent the sidewalk from being dangerous to pedestrians." (replacing "in front of" with "abutting" and making sidewalk singular or plural).

Would you please put this on the Public Safety Committee agenda for the Committee's consideration.

If you have any questions about this, please feel free to contact me.

Respectfully,
