

Hanley Road Street Improvements Project Weekly Project Update

April 27, 2018

The City of Hudson is currently reconstructing Hanley Road from Carmichael Road to State Highway 35. The duration of the project is May 2, 2018 to the substantial completion date of June 27, 2018. Construction includes removals, minor storm sewer, curb replacement, pedestrian ramps, bituminous surfacing, turn lane additions and restoration.

Work Completed for the Week of April 23

Monarch Paving has not yet started construction on Hanley Road. On Wednesday Monarch began bringing in traffic control items.

Work Scheduled for the Week of April 30

Monarch Paving is planning on placing traffic control and beginning saw cutting on Wednesday, May 2nd. This will take all week to prepare for the curb removals.

Traffic Impacts

Hanley Road is anticipated to be narrowed to one lane each direction throughout the duration of the project. All access to homes and businesses off of Hanley Road will still be available. Some intersections may need to be closed for periods of time but one access north and one access south will be available at all times. Delays are expected through Hanley Road during the project so other routes (Stageline Road) may be a better route for some residents.
