## Hanley Road Street Improvements Project Road Closure Update

**June 12, 2018**

**The City of Hudson is currently reconstructing Hanley Road from Carmichael Road to State Highway 35. The duration of the project is May 2, 2018 to the substantial completion date of June 27, 2018. Construction includes removals, minor storm sewer, curb replacement, pedestrian ramps, bituminous surfacing, turn lane additions and restoration.**

### **Roads Affected**

To avoid later road closures, Rock Street and East Canyon Road will continue to be closed at Hanley Road. It is anticipated that **Rock Street** will be open for the weekend to remove and shape the gravel base and pave an asphalt base. Once the paving is done and cooled off, the intersection will be opened up. **East Canyon Drive** will be shut down for the remainder of the week and much of next week. This will allow the concrete to gain strength before grading and paving the entrance. During this time business park access will be off of O'Neil Road south and residential access north of Hanley Road will be off of either O'Neil Road north or Heritage Boulevard.

### **Other Notes**

If you have any additional questions or concerns please contact the project hotline at (715) 245-7188.
